This plan has a comprehensive drug list to support your health

Even if you don't take any prescription drugs now, you may want to enroll in a Medicare Part D plan. If you don't get it when you're first eligible, you may have to pay a late enrollment penalty if you join a plan later.

Here's how this Medicare Part D plan works

Covered drugs are grouped into tiers

Generally, the lower the tier, the less you'll pay. All drugs in the Drug List are assigned to one of these tiers.

Tier 1: Preferred Generic

Tier 2: Generic

Tier 3: Preferred Brand

Tier 4: Non-preferred drug

Tier 5: Specialty

This plan has a maximum annual out-of-pocket amount

After you and others on your behalf have paid the \$2,000 maximum annual out-of-pocket amount, you won't pay anything for Medicare-covered Part D drugs for the rest of the plan year.

Always use network pharmacies

There are thousands of network pharmacies you can go to – including local and national options. Be sure to use a network pharmacy, or the plan may not pay for your prescriptions, except in an emergency.

Enjoy the convenience of our preferred home delivery pharmacy
